

Have you ever been to Canada? How do you feel about Canada? I can tell you that Canada is a perfect country.

Last year, I took part in a Canada trip that was set up by school. This was my first time that I left home for almost a month so I was very expectant about that.

The night before I left Hong Kong, I rechecked my baggage and put some commodities in my bag, and I ensured that I had not forgotten something. I could not sleep that night because I was afraid that I could not wake up at 4:30am, so I just read some storybooks until midnight.

In the morning, my father sent me to the Honk Kong International Airport, this was not my first time there so I didn't feel surprised about it, but my friends Bryan and Sam said the airport was extremely luxurious. After the breakfast, it was time that to go on the plane, so I said goodbye to my family and began my trip.

Oh my god! I heard that we needed to travel for more than 23 hours from Hong Kong to Canada! I could not sleep very well in the plane because the plane was very compelling.

When I arrived at the Canada airport, my host family was waiting for us. My host family was very kind and they allowed Jason and I, who was my housemate, to wash our hair in the morning.

In Canada, we needed to study English and write in our journals everyday. Each afternoon we had some activities such as baseball, swimming, basketball, tennis, bowling and swimming. They were all very interesting.

The time was running by very fast, and the last day we stayed in Canada arrived, I did not want to go because I love Canada so much!

When I came back home, I felt it was a big pity because the trip was too short! But after this trip, I learned how to use English to communicate with foreigners more artfully, and I also learned how to ride a horse, play baseball and tennis. I also recognized that the Canadians were all friendly and helpful. I hope I can go there again.
